Combat Trickery (Reaction, Instant, Cost: 5 Focus): Once per battle, when the character is attacking targets of equal or higher rank, the character automatically rolls a 1 on their Marvel die, and that die cannot be affected by trouble. If the character is attacking multiple targets, all the targets must be of equal or higher rank.

Inspiration (Standard, 1 Round): The character inspires an ally in earshot. The ally gains an edge on all action checks until the start of the character's next turn.

Uncanny (Permanent): Any damage multiplier for attacks against the character's Focus is reduced by 1.

Luck

====

Jinx You (Standard, Concentration, Cost: 5 Focus per turn, Range: Reach): The character makes a Melee check to touch the target. On a success, the power takes effect, and that foe has trouble on all action checks made for the power's duration. On a Fantastic success, the target also takes standard (not doubled) Melee damage.

Evil Eye (Standard, Concentration, Cost: 5 Focus per turn, Range: 10 spaces): The character picks a foe in their line of sight. That foe has trouble on all action checks made for the power's duration. There is no limit on the range between the character and the foe once the power is activated.

Luck

====

Lucky Me (Standard, Concentration, Cost: 5 Focus per turn): The character gains an edge on all action checks made while this power is in effect. The character must pay the Focus cost at the start of each of their subsequent turns of concentration to keep the power working.

Lucky You (Standard, Concentration, Cost: 5 Focus per turn, Range: Reach): The character touches an ally. That ally gains an edge on all action checks made while this power is in effect.

Wish You Luck (Standard, Concentration, Cost: 5 Focus per turn, Range: 10 spaces): The character picks an ally in line of sight. That ally gains an edge on all action checks made while this power is in effect. There is no limit on the range between the character and the ally once the power is activated.

HISTORY

They briefly attended Xavier's academy and felt that it was cowardly at best. After repeated arguments and conflicts with the teachers, they dropped out.

Met Toya at a mutant pride march that went south, and formed the seeds of X-FRONT together.

Current age: 17

PERSONALITY

Full of spirit and self-sure.

Goal: Tabitha doesn't see a future for herself worth having, except if it's a means to the end of other mutants also having a future. She's going to fight hard and go down fighting.

Barrier: Tabitha has broken off from those she felt limited her, but that also deprives her of institutional and social support. The future she wants to build, she can't build alone, but she almost compulsively burns every bridge she crosses.
